

# In-field Geoanalysis

Providing quality geochemical data,  
where and when you need it

Do you find yourself making decisions without having all the necessary data available? IMDEX's In-Field Geoanalysis solution saves you crucial time and resources during your drilling or sampling program, by providing the data you need, where and when you need it.

A rapid mobile sample preparation system consistently provides a quality sample for analysis that you can rely on without having to send the sample offsite. Coupled with REFLEX XRF CONNECT™ and the cloud based IMDEXHUB-IQ™ platform, you can make informed decisions with confidence.
